10+ years as an Attorney with Social Security.

Medical Doctor, M.B.A. and M.Ed.

Admitted to the U.S. Supreme Court.

Sustaining Member National Organization of Social Security Claimants' Representatives.

About Dale Robbins, M.D., Attorney at Law

Dr. Dale Robbins is uniquely qualified as a trained physician and attorney with experience as former attorney for the Social Security Administration and private practice representing clients throughout Washington, Oregon, Idaho, Montana and Alaska.

Dr. Robbins focuses exclusively on medical legal issues, including social security disability, personal injury and medical malpractice cases.

Others may offer similar services with non-attorney representatives where you are just a number, but if you want an experienced lawyer who specializes in disability and medical issues with a personal touch then call Dr. Robbins.

Significant legal experience as law clerk to both the U.S. District Court and Montana District Court, former staff attorney and senior attorney with the Social Security Administration, U.S. Department of Health and Human Services, and current boutique law practice specializing in social security disability, medical/legal issues, consulting and seminars.

Medical Doctorate awarded in 2006, with highest honors in all clinical rotations served at Atlanta Medical Center, Fulton Medical Center and Emory University Hospital.

Dr. Robbins will represent you personally at every stage of the case.

Experience in the

- ❖ Court Room
- ❖ Emergency Room
- ❖ Board Room and
- ❖ Class Room

Why Do I Need a Lawyer

Technically you can represent yourself. However, statistics show that you have much better chance of winning if you are represented by an attorney.

Why Dale Robbins Should Be Your Lawyer

25+ experience as an lawyer, 10 years as a staff attorney with Social Security and a Medical Doctor who has appealed cases to both the Montana Supreme Court and U.S. Supreme Court.

How Much Is This Going To Cost

Dr. Robbins will meet with you personally for free and answer all your questions. If your case is accepted, the fee will based on the amount recovered. In Social Security cases this is 25% of your past due benefits up to a

maximum of \$6,000.00, whichever is less, if found disabled, otherwise you pay nothing.

How Long Will It Take to Get Social Security Benefits

Generally cases are denied the first time you apply and even after you file your request for reconsideration. You will likely have to file an appeal before an Administrative Law Judge and that is generally 14 months after you filed your initial application.
